According to Staff B, he/she counted the money in the wallet for resident #3 one day and it contained two twenty dollar bills, a five dollar bill and three one dollar bills for a total of \$48. The next day, Social Services Staff B reported he/she went back to the resident's room to get the money from the resident's wallet to pay the hairdresser, per the resident's request, and the wallet contained only a five dollar bill and the three one dollar bills. The resident told Staff B he/she did not spend the money and someone else removed the money from the wallet without his/her knowledge. Social Services Staff B reported he/she immediately told the charge nurse and the Administrator of the loss of money. Staff B denied he/she participated in an investigation into the loss of the money other than when staff searched the entire room in an attempt to locate it. Staff did not locate the money.</p> <p>During an interview on 8/22/16 at 1:36 p.m., Risk Management Staff C reported knowledge of resident #3's missing money.
